

Stronger Customer Relationships

Unlock the full potential of your business with our comprehensive Rewards solutions designed to boost customer loyalty, increase referrals, and drive profits. By implementing this solution, restaurants can increase returning customer visits and encourage customer spend on every ticket.

Rewards programs boost customer referrals by turning loyal diners into advocates who share your restaurant with others.

innovation **explored**  innovation **delivered**

www.gaap.co.za

Fuel repeat business and ongoing sales by incentivizing regular purchases.

Rewards Lite

Customers only need to provide a unique identifier. Give this code to the restaurant during a purchase, and staff will input it to ensure the customer earns their rewards.

Rewards App

Customers can download it by scanning a QR code in-store or on your website. Once registered, they can view promotions and earn rewards by scanning their app when making a purchase.
